

Testimonial Letter [Joseph Koh]

June 16 2024

To whom it may concern,

I've had the pleasure of working with Joseph on two separate projects: a concept art project and a storyboarding project.

From the outset, Joseph had demonstrated exceptional communication skills. He took time understanding my vision for both projects and did not miss a beat of clarification at all stages of production. He enjoys giving his personal insight for areas I was unclear about, while also providing as many revisions needed to achieve the highest standard of work.

For the concept art project, Joseph delivered imaginative and beautifully executed designs that brought my ideas to life in ways I never expected. He was able to convert simple word prompts and stock images into visual assets that wonderfully communicated far beyond my initial brief. In addition, it even gave some guidelines for future projects to reference.

Similarly, with the storyboarding project, Joseph was able to visualize the narrative flow and pacing of the scene with my limited descriptions. The boards were clear and perfectly captured the tone and direction I was aiming for.

Feel free to contact me for any further details, I would be happy to provide further clarifications if required.

Sincerely,

Sherri Blancet,
